

Pandora

PIEZOELECTRIC SIREN PS-330

Pandora PS-330 is a small-sized piezoelectric siren designed to work with 12V voltage circuits as an actuation device. Its small dimensions, waterproof and shockproof case allow you to place it under a vehicle hood as a part of a security system.

WARNING! The siren must be installed in the places that exclude mechanical damage and ingress of corrosive liquids and water.

SPECIFICATION

Sound Pressure, dBA:	105–118
Voltage, V:	12
Current consumption, mA:	no more than 300
IP code:	IP65
Operating temperature, °C:	from -40 to +85
Dimensions, mm:	88x62,2x18,2
